

Compact Palletizer

Compact Palletizer for Shipping Cases

The Compact Palletizer is a high-performance machine designed for efficient and reliable product handling.

Its closet-type design offers space-saving benefits while providing easy access for maintenance. Equipped with advanced features and customizable options, this palletizer is ideal for various industries.

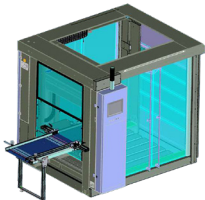

-  Max speed of 12 cycles/min
-  Quick format changes (3-5 minutes)
-  Easy maintenance with access on all sides

Technical Data

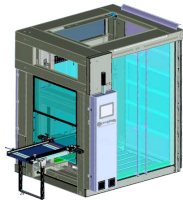

Mechanical speed	STROKES/1'	max 12
Power absorption (max)	KW	4
Air consumption	NI/Cycle	5
Air pressure	bar	6
Gross weight	kg	~1250
Net weight	kg	~750
Weight lifted	kg	max 50

Models

Base Model

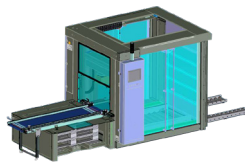

Speed: 12 cycles/min
Max Working Height: 1400 mm
Infeed Height: 650 mm

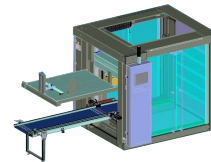

H Model

Speed: 12 cycles/min
Max Working Height: 1900 mm
Infeed Height: 650 mm

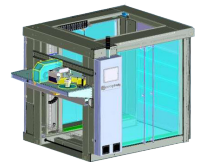

Optional Components

3-Pallet Magazine

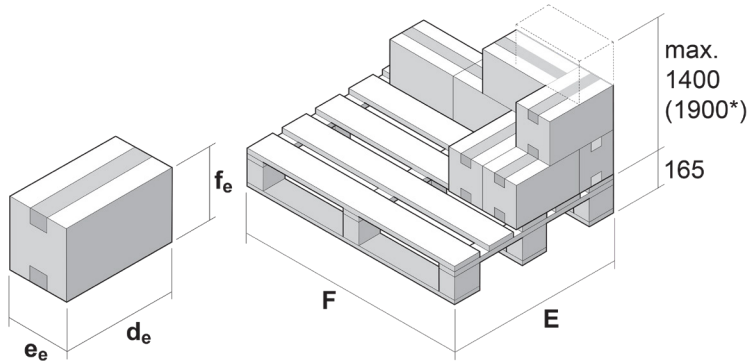

Layer-Pad Unit

Label Applicator

Compact Palletizer

* Not included in the standard version

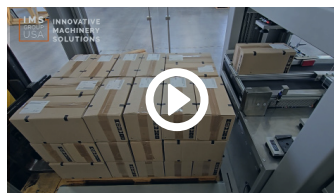

Pallet / Case Size	Min	Max
e_e	120 mm	600 mm
f_e	100 mm	500 mm
d_e	120 mm	600 mm
$d_e + e_e$	-	900 mm
E	-	1016 mm
F	-	1219 mm

Additional Features:

- Remote software assistance
- CNC control for Cartesian planes + rotation
- Independent operation for pre-set formats
- Roller-barrier at the exit
- Internal illumination

Optional Features:

- Optical outfeed barrier
- Automatic empty pallet feeder
- Pallet rotation upon exit
- Automatic layer pad feeder
- Non-skid coating
- **Product compliance:**
 - Checkweigher
 - Label verification
 - Barcode verification
 - Inkjet printing
 - Rejection system
